USA TOUR 2026 THEMES

WITH GURUJI SRI CHAITANYA

*A selection of themes for universities, temples,
communities, and organizations across the United States*

1 AWAKENING INTELLIGENCE IN THE AGE OF AI

★ GURUJI'S SIGNATURE TALK

Exploring consciousness, creativity,
and what it truly means to be human
in an age of intelligent machines.

Best suited for:

University students and faculty,
startup founders, technology
professionals, innovators, and
leadership communities.

2 DHARMA: ANCIENT WISDOM FOR MODERN LIFE

★ BEST FOR MOST AUDIENCES

Practical insights from Sanatana Dharma
for living with clear purpose, compassion,
and inner freedom amidst the
complexities of modern life.

Best suited for:

Temple congregations, families,
community groups, parents, children,
and intergenerational audiences.

3 MASTERING THE MIND IN A DISTRACTED WORLD

Timeless practices for cultivating
attention, emotional resilience,
meditation, and lasting inner peace.

Best suited for:

Students, young adults, educators,
working professionals, technology
communities, and anyone seeking
greater focus and emotional balance.

4 THE SCIENCE OF SELF-KNOWLEDGE

★ A RARE OFFERING UNIQUE TO GURUJI

Discovering consciousness through the
meeting point of ancient wisdom, direct
experience, and modern scientific inquiry.

Best suited for:

Spiritually curious audiences, temple and
community groups, university audiences,
educators, families, and seekers interested in
consciousness, science, and inner exploration.

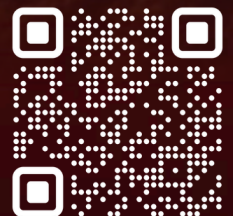

SEPTEMBER – OCTOBER 2026

HOSTED BY LOCAL COMMUNITIES AND
ORGANIZATIONS ACROSS THE USA

AWAKENING INTELLIGENCE IN THE TIME OF AI

WHAT MAKES HUMANS IRREPLACEABLE?

Artificial Intelligence
is transforming the world.

But what is intelligence?

Can machines think?

Can they understand?

What is creativity?

Attention?

Wisdom?

Self-awareness?

For thousands of years, Indian philosophy explored these questions long before computers existed.

Join **Guru Sri Chaitanya** for a thought-provoking conversation connecting ancient Indian wisdom with the challenges of the AI age.

TOPICS INCLUDE

Intelligence vs Information

Attention in the Age of Distraction

Consciousness & AI

The Power of Observation

Ancient Indian Models of Mind

Education Beyond Memorization

Living an Intelligent Life

**FOR STUDENTS,
YOUNG PROFESSIONALS,
RESEARCHERS & THINKERS**

Universities / Tech Companies
Startups / Innovators
Curious Minds
